Re: Application to Operate .Vegas TLD

Dear Joe:

In my forty-five years as a resident of Las Vegas, I have witnessed firsthand the amazing growth and development of this State. In my eight years as Governor of Nevada, I saw the population nearly double in size, and several thousands of hotel rooms added to the already large inventory. Likewise, Nevada has become an outstanding place to locate and conduct non-gaming business of a very diversified nature.

Your plan to submit an application to the Internet Corporation for Assigned Names and Numbers ("ICANN") to establish a .Vegas top level domain presents a unique opportunity for Las Vegas to expand its presence on the worldwide web. I congratulate you for your initiative and innovation in attempting to increase further the international stature of Las Vegas, and wish you success in your endeavor.

Sincerely,
